France (LOIRE) – 2022**

Domain

Vignobles Berthier

In the Berthier family, the profession of winegrower has been handed down from father to son for five generations. Clément and Florian, passionate about the art of viticulture and deeply committed to their family's winemaking tradition, are dedicated to preserving and enhancing the reputation of the wines produced by previous generations. They took over the reins in 2012 and continue the family history. For many years now, this sensibility for nature, innate in each generation of the Berthier family, has been naturally directing them toward organic growing, for which they obtained certification in 2022.
