Weingut Lehner – Riesling vom Schotter | Niederösterreich Austria (WEINVIERTEL) – 2023

Domain

Weingut Lehner - Minkowitsch

The Minkowitsch winery is a traditional family business that has existed since 1875. The sixth generation is now at the helm. A new chapter in their wine history has opened since 2022. The fusion of two wine families: Lehner and Minkowitsch. Lukas Lehner and Agnes Lehner-Minkowitsch brought their families together not only privately, but also professionally. Two independent winegrowers are now working together towards a common future.

They mainly produce fresh, fruity white and smooth red wines on approximately 7 hectares of vineyards. The vineyards are located in the southern Weinviertel, in Velm-Götzendorf and Mannersdorf an der March, northeast of Vienna, on the border with Slovakia. The philosophy of winemaking is the simplest imaginable: own vineyards, own grapes and own wine. The result is varietal wines with balance and harmony.

Vinification

Aged for 6 months on the fine lees

Taste

A late harvest brings very ripe aromas of apricot and peach. The red gravel soil imparts a minerality to the wine. A balanced finish.

Food pairing

Couscous with apricot | Salad - summer salad | Pasta

General information
