Celler Balart – Amfora Blanc | KELDERREST | DOC Terra Alta Garnatxa Blanca Spain (CATALUNA) – 2022

Domain

Celler Balart

In 2002, Marc started the first winemaking project in his grandparents' family house, in the heart of the historic center of Gandesa (Catalunya). Until 2011, he worked alone making a single type of wine, Borretes, a monovarietal from Carignan. This year, Lluís joins the project and they sign as Celler Germans Balart. At this point, they start making grenaches and grow the project. With the evolution of the project, comes a new challenge, and it is in 2020 that they change their facilities for more comfortable and efficient ones in new place. Currently, Marc takes care of the direction of the field, and Lluís of the commercial section and together we do the oenology in equal parts.

Vinification

Manual harvest, with 20kg cases. Fermentation in stainless steel tanks, at a controlled temperature of 15°C. Ageing for 4 months in amphora with aging on lees.

Taste

Bright golden yellow color. Apple, peach, banana typical of Grenache; citrus fruits and minerals provided by the amphora. Voluminous, unctuos, with a well-integrated acidity. Greedy.

Food pairing

Pizza - with seafood and tuna | Risotto | Fish - trout
