Sios – Pla Del Lladoner | Costers del Segre DO Catalunya | BIO Spain (CATALUNA) – 2022

Domain

Sios

The domain, which belongs to the Porcioles-Biuxo family, is located in the Noguera region, which belongs to the DO Costers del Segre. This is an appellation situated along the river Segre in the northwest of Catalunya. The "Segre" is one of the most important tributaries of the Ebro, which originates in the French Pyrenees and flows into the Catalan province of Lleida. It is a very large domain with an area of 700 ha of which 71 ha is used for viticulture.

Vinification

Hand basket-picked harvest between mid-August and the third week of September. Alcoholic fermentation in new French oak barrels. Aged sur lie with battonage for five months before being refined prior to bottling.

Taste

Presenting a clear, straw-yellow hue with a golden glimmer. This wine boasts an elegant and complex bouquet, characterized by prominent tropical fruit aromas such as banana, melon, and pineapple. Additionally, nuances of dried fruits and floral hints add to its allure. Upon tasting, it delivers a robust and full-bodied palate with a pleasing acidity. Notes of apple, citrus, melon, and honey guide the wine to a finish adorned with flavors of toast and caramel.

Food pairing

Foie gras - baked | Scallops - baked | Risotto | Vol-au-vent | Cheese -halfhard
