Torre del Veguer – Maricel | Penedes | BIO Malvasia de Sitges Spain (CATALUNA) – 2022

Domain

Torre del Veguer

The wine estate Torre del Veguer is situated in the Garraf massif, west of Sitges (Catalonia). Torre del Veguer encompasses a total of 15 hectares of vineyards, olive, and fruit trees, all cultivated and processed on the estate itself. Because the entire vineyard is located within a radius of less than 500 meters around the winery, the grapes can be processed almost immediately after harvest. This allows them to maintain the fruit in optimal conditions and produce the very best wines! In addition to quality, environmental concern is one of their primary focuses. To underscore their commitment, they have officially held the organic label for all their wines since 2016.

Vinification

Manual harvest in boxes of 20 kg with the grapes coming exclusively from our own estate. Destemmed and softly pressed to obtain the free-run juice. Fermented per plot in stainless steel vats. Aged on its lees for 4 months.

Taste

Bright yellow pale color with green glints. High aromatic intensity where floral aromas such as orange blossom, combined the fruity notes of green apple, pear and lemon peel. On the palate has a sweet entrance and very fresh aromatics. Long and pleasant aftertaste thanks to the ageing with the lees.

Food pairing

Tapas | Shrimp - Gray shrimps | Fish - appertizer | Asian dishes | Dishes with rice

General information

Type: White wine

Grape varieties: Malvasia (100%)

Viticulture: Organic

Storage (years): + 3-5

Serving temperature: 8-10 °C

Taste profile: Aromatic fresh
