Torre del Veguer – Raïms Immortalitat Dali | Penedès DO (Catalunia) | BIO Xarel·lo Spain (CATALUNA) – 2022

Domain

Torre del Veguer

The wine estate Torre del Veguer is situated in the Garraf massif, west of Sitges (Catalonia). Torre del Veguer encompasses a total of 15 hectares of vineyards, olive, and fruit trees, all cultivated and processed on the estate itself. Because the entire vineyard is located within a radius of less than 500 meters around the winery, the grapes can be processed almost immediately after harvest. This allows them to maintain the fruit in optimal conditions and produce the very best wines! In addition to quality, environmental concern is one of their primary focuses. To underscore their commitment, they have officially held the organic label for all their wines since 2016.

Vinification

The manual harvest is done in crates of 20 kg each. Each plot is vinified separately and aged in French oak barrels for 6 months.

Taste

Clear yellow color and a pronounced, pure nose. At the onset, we are greeted by mineral and saline aromas, influenced by the proximity of the Mediterranean Sea. Additionally, notes of fennel, thyme, and peach emerge. The balanced, crisp acidity is evident from the very first sip. Round and complex, with recurring mineral flavors.

Food pairing

Oysters | Fish - cod | Cheese - Brie, molten

General information

Type: White wine

Grape varieties: Xarello

Viticulture: Organic

Storage (years): + 3-5

Serving temperature: 9-10°C

Taste profile: Mineral acidic
